

Our land is awakening.... Our house needs “detailing”.... *They both crave TLC!*

.....

A CALL *for* VOLUNTEERS

Spring Clean-Up Week at Columcille

Sunday, April 7 - Saturday, April 13

A beautiful sunrise ceremony on Signal Hill on Vernal Equinox (March 20) has inspired us all to **renew our commitment to aid nature’s “healing”** of our beautiful grounds and trails (buffeted by an unusually windy, icy winter).

Indeed, work has already begun! Two of our members (one an expert horticulturist) have pruned and fertilized our fruit trees—at the ideal time. Others are sharpening tools, repairing equipment, and creating schedules for top-priority tasks: clearing branches and debris, restoring benches, raking, etc. **What we most need now are your helping hands!**

Also needed: Volunteers to spruce up Casa Colum (former residence of our founder: the “house on the hill”), now being refurbished as a more welcoming, functional space / hospitality hub for Columcille meetings, workshops, and special gatherings. Window-washing, painting, and scrubbing “opportunities” abound. **Can you help us with this?**

If you are willing to join us in any of these much-appreciated volunteer efforts, kindly email David Palmer <arrowheart1@frontier.com>

David, a Columcille board member, chairs our Members and Volunteers Committee, and is organizing our Spring Clean-Up Week with our On-Site Coordinator (Jill Chunko) and our Maintenance Coordinator (Will Cohea).

Please tell David **what hours** you can devote **on what day** — and **which “work team”** you’d like to join (Land OR House).

Many thanks for whatever you can do!
